ANNOUNCEMENTS.

For Circuit Judge.

We are authorized to announce W. T. OWEN,
of Davies county, as a candidate for Circuit
Judge in the Sixth Judicial District, subject to the
action of the Democratic party.

THE narrow escape from death of
President Roosevelt at Pittsfield will
interest the people of the entire coun-
try. Never in the history of the Re-
public have the President and Vice
President both died during the term of
office for which they were elected.

THE Democratic Committee of the
Sixth Judicial District, has called off
the primary, originally scheduled for
the regular election day this fall, and
fixed upon November 12 for holding
the primary to nominate candidates
for Circuit Judge and Common-
wealth's Attorney.

TOM L. JOHNSON captured, com-
pletely, the Democratic State Con-
vention in Ohio this week. Mr.
Johnson is a candidate for the Demo-
cratic nomination for the Presidency
and elected to force the convention
to endorse the Bryan platform to
further his candidacy. Mr. Johnson
has been regarded one of the shrewd-
est politicians in the country and the
result of this apparently rash venture
will be watched with interest.

WE have it upon what we regard
pretty good authority, that Mr. Wat-
terson's withdrawal from the race for
Governor, was due, not to anxiety
about securing the nomination of his
party, nor the humiliation of person-
al solicitation of support nor cozen-
ing, bullying or buying the Demo-
cratic machine, but to a conviction
that owing to the divisions in his
party, no Democrat could win.

OUR farmers would find it a good
investment to take the members of
our Fiscal Court out for a drive over
the dirt roads of our adjoining coun-
ties. Davies, Breckenridge and
Grayson counties have each a sensi-
ble system of keeping their public
roads in order, and we believe if our
Magistrates would take occasion to
see the effect of a judicious expendi-
ture of no greater sum of money than
we throw away annually upon our
roads that they would make an effort
to apply some sensible and practical
methods to keeping up our public
highways.

WHICH IS WHAT?

It seems that our neighbor, the
Hartford Herald, has been mixing
something, which we do not under-
take to describe. The following two
articles appears in this week's issue:

Grover Cleveland President Cleveland's
son to have crawled crawling out of a
hole somewhere has been conspicuous
and pulled the hole for nothing quite so
after him since his which as the platitudes
speech at that time and nothing generally
many meeting in New York which character-
ize him. Perhaps he has been talking
about "silence is golden." He talks about
"silence is golden," and being about to re-
spond to a question, he has been talking
about "silence is golden." He should
large quantity of the stuff.

Oh, man! Oh, man! reveal to me;
My head feels so funny, &c., &c.

"The Democratic Con-
gressional Committee is
standing squarely on the
Kansas City platform.
That is the only Demo-
cracy we know anything
about, and it will be the
only Democracy there is
until another National
convention shall be held."

From an authorized statement of Secretary
Edward Edwards of the National Democratic
Congressional Committee—Washington Star,
July 21st, 1902.

Our school is progressing nicely,
with a corps of teachers, who are
proving themselves thoroughly pro-
ficient in every respect, offering to
the public a complete collegiate
course, also a business course, in fact,
any and all demands are complied
with and with such a brilliant open-
ing we feel sure a new era has dawned
upon the Fordsville.

Easy there! Is it possible that we
shall next year witness the spectacle
of Cripps Beckham meeting W. O.
Bradley in joint debate in a guberna-
mental canvass? Such a thing might
happen. Even so old a campaigner
as P. Wat Hardin was foolish enough
to be led into a debate with the Little
Giant, and the sad result is yet fresh
in the memory of the public. It
seems certain that Beckham will be
given the nomination by that ma-
chine that ran over Mr. Watterson so
rudely; and there are evidences that
the Republicans are going to try to
get Gov. Bradley to lead them again.
And should these two things occur,
how could Beckham plead the "baby
act" and refuse to meet the Republi-
can nominee? And; Oh, what would
happen to the Kid!—Commercial.

Judge Settle's Canvass.

After ringing the court house bell
three times, there were just thirty
men who heard W. E. Settle, and sev-
eral of those were Judge Guffy's
friends, who were taking notes. A
fair idea of the race can be heard here
on September 6, when Judge Guffy
will speak. The court room will be
crowded, and the people will hear a
great, calm recital of affairs, by one of
the most gifted jurists in the whole
country.—Hawesville Plaiddealer.

DECIDES

AGAINST THE INJUNCTION.

Judge O'Rear, of the Court of Ap-
peals, Says There is no Law
to Interfere With Ohio
County Primary.

Frankfort, Ky., Sept. 2.—Judge
O'Rear, of the Court of Appeals, yes-
terday afternoon refused to reinstate
the injunction to prevent the Demo-
crats of the Sixth judicial district
from holding a primary election on
the day of the regular election in No-
vember. The injunction was granted
by Circuit Clerk Anderson, of Ohio
county, and was dissolved by Special
Judge W. A. Helm, of Butler county.

As affecting the Sixth judicial dis-
trict race, the decision is of no mat-
terial importance, the Democratic com-
mittee of that district having changed
the date of the primary from Novem-
ber 4, the regular election day, to No-
vember 12. The question has never
been raised before in Kentucky, how-
ever, and the opinion of Judge
O'Rear will be of general interest.

The opinion is as follows:

"Plaintiffs seek by this suit to re-
strain defendants of the Democratic
Committee of the Sixth judicial dis-
trict of Kentucky from holding a pri-
mary election on the same day that
the regular election is held on No-
vember 4, 1902. It is not claimed
that defendants will, but, on the con-
trary, it is shown by order of the
committee and by affidavits of mem-
bers of the committee that they will
not attempt to hold the primary elec-
tion at the same places, or within
fifty feet of the voting places wherein
the regular election may be held in
the counties affected by the order. Nor
is it shown that there will be any
attempt by the defendant committee
to use the same ballot boxes or same
voting paraphernalia as is provided
by law for the holding of the regular
election. On the contrary, it is as-
serted and shown that defendants pro-
pose to hold their primary election by
appointing voting places more than
fifty feet distant from the regular vot-
ing places wherein the regular elec-
tion is held and by separate and dis-
tinct officers and paraphernalia for
conducting their primary.

"Whether a primary election held
at different voting places from those
provided by orders of the County
Court for holding elections within
such precincts and districts would be
a valid election is a question, though
argued, I do not feel called upon to
determine. The sole question here
is: Does it necessarily interfere with
the rights of plaintiffs and other vot-
ers of the district affected? Unless
the holding of the primary election
invas the prescribed limits fixed by
the statute for holding the regular
elections, I am unable to see that it
is anywhere prohibited by any posi-
tive declaration of legislation. Not
being prohibited, it appears to me
that the committee can, if they see
proper to do so, hold their primary
on the same day that the regular elec-
tion is held. As to the proprieties of
such action I do not see how the
courts can undertake to determine
them. That is a matter for the com-
mittee and the voters to pass on. If
the Legislature had seen proper to
prohibit the holding of primary elec-
tions on the same day that the gen-
eral elections are held, they would
undoubtedly have done so. Not hav-
ing made such action illegal, I am
unable to find the warrant for the
court's attempt to do so. I, there-
fore, decline to reinstate the injunc-
tion dissolved in this case on the 14th
day of August, 1902.

1,000 Perish.

Paris, Sept. 2.—The Havas agency
has received an undated dispatch
from Fort de France Island of Mar-
tinique, announcing that about 1,000
were killed and that several hundred
were injured as the result of a violent
eruption of Mt. Pelée on Saturday,
August 30, which destroyed Morne
Rouge and Ajoupa Buillon, two vil-
lages near Mont Pelée.

The dispatch confirms the report
that the village of Le Carbet was dam-
aged by a tidal wave, which was also
felt at Fort de France, where the peo-
ple were struck.

The French cruisers Suchet and
Tage are embarking people in the
northing part of Martinique.

DROUTH DAMAGES CORN

Review of Conditions Through
State is Prepared by
Weather Bureau.

The weekly crop bulletin, issued by
the local Weather Bureau yesterday,
was as follows:

Drouth has damaged corn consid-
erably in a great many localities, so
that the prospect which obtained ear-
ly in the season for an excessive yield
is altered, and is now not more than
an average crop expected. It has
improved in the extreme western
counties, but has deteriorated in
many localities in other parts of the
State. Early corn is maturing rap-
idly and some has been cut. The
late planted has suffered from the re-
cent drouth, but with favorable con-
ditions it will yield well.

The condition of tobacco has not al-
tered very much; the crop will be
short. The growth is small and
many plants are fired. Cutting and
housing have gone on quite rapidly,
the weather being very favorable for
that work.

Hemp is very good and most of it
has been cut.

Pastures, grasses and clover fields
have suffered very much for rain. A
medium crop of millet is being har-
vested. Stock peas, cane and sorgh-
ums are doing well in most localities.

Late potatoes, turnips and late gar-
dens need rain badly.

There is a short crop of winter ap-
ples of inferior quality; some prars
and grapes; scarcely any peaches.

Plowing for winter grains has been
carried on where the condition of soil
permitted. Some oats have been
sown.

Body Found.

Providence, Ky., Sept. 2.—Mrs.
James M. Simpson, a widow about
seventy-five years old, who lived
alone about three miles east of Shady
Grove, in Crittenden county, was
found dead in bed late Sunday after-
noon. From the badly decomposed
condition of her body, it is thought
her death occurred some four or five
days previous.

The body could not be prepared for
burial, but was wrapped in the bed-
ding on which she was found, clad in
her night robes, and was interred
Monday morning at an early hour by
men especially engaged to perform
the duties.

Mrs. Simpson was the daughter of
Hamilton Martin. The Martin and
Simpson families were pioneer settlers
in Crittenden county. The result of
her union with James M. Simpson
was a large family of boys and girls,
who are all married and live in dif-
ferent parts of Crittenden and adjoining
counties. Mr. Simpson purchased
land and laid out a farm on what is
now the Providence and Shady Grove
road. When the war between the
states broke out he cast his lot with
that of the South, attaching himself
to the Army of Northern Virginia.

Returning home at the close of hos-
tilities, he served his people as Justice
of the Peace for a number of years
and died several years ago, an hon-
ored, useful and lamented citizen.

Mrs. Simpson, after the death of her
husband, continued to reside on the
old farm.

THE DEBT

Of the United States. Less Cash
on Hand, is Less Than a
Billion Dollars.

Washington, Sept. 2.—The month-
ly statement of the public debt issued
to-day shows that at the close of busi-
ness August 30, 1902, the debt, less
cash in the treasury, amounted to
\$968,091,321, a decrease for the month
of \$5,818,646. This decrease is prin-
cipally accounted for by a correspond-
ing increase in the cash on hand.

The debt is recapitulated as follows:
Interest bearing debt, \$931,079,340;
debt on which no interest, \$395,254,-
991; total, \$1,327,582,821. This amount,
however, does not include
certificates and treasury notes
outstanding, amounting to \$845,876,-
089, which are offset by an equal
amount of cash on hand held for their
redemption.

The cash in the treasury is as fol-
lows: Gold reserve fund, \$150,-
000,000; trust fund, \$345,876,089; gen-
eral fund, \$168,785,421; in national
bank depositories, \$125,382,169; total,
\$1,290,043,680. Against which there
are demand liabilities outstanding
amounting to \$93,552,179, leaving
a cash balance on hand of \$359,491,-
500.

FROM MT. PELEE.

Village of Morne Rouge Destroyed
by Saturday's Eruption--
200 Killed.

Castries, Island of St. Lucia, D. W.
L., Sept. 1.—The British steamer Kos-
ons arrived here yesterday evening
from Fort de France, Island of Mar-
tinique. She reports that a terrible
eruption of Mont Pelée occurred at 9
o'clock Saturday night and that peo-
ple who arrived at Fort de France
from the northern part of the island
report that the village of Morne
Rouge, near the district recently de-
vastated, had been entirely destroyed
and that Le Carbet, a village on the
coast which was destroyed at the time
of the great eruption, had been swept
by a tidal wave. About two hundred
persons lost their lives.

A sloop from the island of St. Vin-
cent which reached here this morning
reports that Mont Pelée's crater is
now quiet, but that the detonations
during Saturday night were the loud-
est heard up to that time and that the
inhabitants were terribly alarmed.

Twenty-Five Killed.

Birmingham, Ala., Sept. 2.—An
excursion train on the Southern, bound
from Greenville, Miss., to Birming-
ham, was wrecked this morning near
Berry, Ala. Twenty-five negroes are
known to be dead, and Trainmaster
H. M. Dudley, was killed instantly.
Twenty-five more negroes are serious-
ly, if not fatally, injured.

The Baltimore & Ohio Railroad and
the Civil War, 1861-1865.

It was the first and most desirable
point of vantage coveted by both the
Federal and Confederate armies. In
May, 1861, the four Federal advance
columns concentrated at Parkersburg,
W. Va., Wheeling, W. Va., Harper's
Ferry, W. Va., and at Washington.

To retain the advantage, the Federal
government established block houses
along the railroad from the Monocacy
to the Ohio river, besides forts at
Winchester, Harper's Ferry, Cum-
berland, Piedmont and New Creek (Key-
ser) The B. & O. was the base of
operations for the Federal army for
nearly four years and from which the
government could not take advance
line earlier than November, 1864.

The B. & O. was the means of com-
munication between the West and the
Army of the Potomac, and was conse-
quently in a continual state of siege.
Harper's Ferry, the key to the Shen-
andoah Valley, first famed through
the romantic attempt of John Brown,
in defying the laws and customs of
his country, was captured or re-capt-
ured eight times in three years. The
Government Arsenal and armories
which were located there, were de-
stroyed by the government to prevent
their capture. One hundred and sev-
enty-nine battles of greater or less im-
portance were fought on or adjacent
to the Baltimore and Ohio Railroad,
not taking into consideration the in-
numerable skirmishes.

Trains of the B. & O. S. W., will

The trip was devoid of accidents except that a few young ladies unfortunately rode the wheels instead of the wagon which of course was disastrous to their dresses. Electric Car Smashes Into His Carriage at Pittsfield.

A Secret Service Agent and Horses Killed Outright.

The President is Bruised and Scratched on the Face.

Secretary Cortelyou Hurt and the Driver, D. J. Pratt, Has His Skull Fractured.

Pittsfield, Mass., Sept. 3.—The drag containing President Roosevelt and party, en route from Pittsfield to Lenox, Mass., was struck by an electric car this morning and demolished. Secret Service Agent Craig, who has accompanied the president on his entire trip, was killed and D. J. Pratt, the driver of the carriage, had his skull fractured. Craig occupied a seat with the driver. The drag was being driven across the track when the car, which came at a high rate of speed, struck first the horses, which were killed, then the vehicle, which was badly wrecked and all of the occupants thrown to the ground.

The president was bruised about the body and limbs and his face was scratched so that it bled freely. His injuries are not serious.

Secretary Cortelyou suffered several cuts and bruises, but is not dangerously hurt. He was sitting beside the president at the time of the accident.

Later in the day, after all of the injured had received surgical attention, the president proceeded on his tour. He was suffering somewhat from his injuries, but not enough, he declared, to force him to abandon his plans.

The motorman and conductor of the car have been placed under arrest, the charge against them being manslaughter.

Died at Her Home in Tennessee.
Rev. W. D. Nowlin, pastor of the Upper Street Baptist Church returned from Sharon, Tenn., yesterday, where he had been to attend the funeral of his mother Mrs. Caroline Glass Nowlin. He received a telegram yesterday a week ago that his mother was at point of death. He arrived Saturday morning two hours before the end came.

Mrs. Nowlin was 54 years old, and had been sick only a few days, but she gradually grew worse.

She was a niece to the Hon. P. T. Glass, who was Congressman from the ninth district of Tennessee for a number of years.

Mrs. Nowlin and her husband lived together for forty years without a death in the family. There were nine children and all are living to-day.—Lexington Leader.

Mrs. Nowlin was the mother of Mr. C. P. Nowlin, of this place.

Death at Ceralvo.
Ceralvo, Sept. 1.—Death came sweetly, August 28, to the patient sufferer, Mr. W. D. Barnard, of this place.

Mr. Barnard had been dangerously ill for some time and notwithstanding the loving kindness of a devoted companion and all that medical science could offer, death slowly, but surely wended its way into that, now heart-broken home.

Language is to inadequate to express our profound sympathy for the bereaved family and the greatest consolation we are able to offer them is, that we know the spirit of the companion and father to-day is basking in the sunlight of God's eternal presence; and is now looking down upon those who mourn his loss with that same love and parental kindness that so characterized his earthly home.

Resolutions of Respect.
At a regular meeting of Rough River Lodge No. 110, K. of P., held in Castle Hall, Hartford, Ky., Tuesday evening, August 26th, 1902, the following resolutions were offered and by the Lodge unanimously adopted, to wit:

Whereas, it has come to the knowledge of this Lodge that our brother Knight, C. P. Nowlin and family, are in the darkest gloom of sorrow's night, that the angel of death has visited the home of his parents and called away his dearest and best friend, his mother, Mrs. Caroline Nowlin,

Therefore, it is now resolved by the officers and members of this Lodge, in token of the esteem in which we hold him as a brother Knight, we extend to him and his family our deepest sympathy, will share his sorrow and so far as possible comfort him and his family while their hearts are bowed under this, the greatest of bereavements. We commend to him in this sad hour the promises of love and consolation made by Him who doeth all things well.

Resolved that a copy of these resolutions be presented to our heart-broken brother and a copy be spread on the records of this Lodge.

HOUSE BREAKING.

John Probus Charged With Robbing a House Near Horse Branch.

John Probus, a laborer, was arrested and brought before Esquire Martin at Horse Branch Wednesday, charged with breaking into and robbing the residence of Messrs. Granville Kelley and ———— Malden, near Horse Branch, and held in the sum of \$200, for which Mrs. Catherine Stewart became his surety.

Messrs. Kelley and Malden are bachelors, living in the same house, about three miles east of Horse Branch, who are not favorable to the banking business, and heard their wealth in the garage.

Tuesday afternoon while they were in the field at work some party or parties entered the house and fearing immediate detection, carried a trunk and a valise to the woods, where the trunk was broken open with a rock and \$93.00 in cash was taken.

Bloodhounds were, upon the discovery of the theft, telephoned for, but were, owing to the lapse of time, unable to follow the thief. Suspicion pointed to Probus and he was arrested Tuesday with the result mentioned.

Young Plants
Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Whatever the cause of weakness and failure to grow—Scott's Emulsion really feeds and gives the child growing strength.
